### POLICY STATEMENT

#### Intent:

Christian Heritage College (CHC) is committed to providing students with accurate and timely information. The purpose of this policy is to ensure that each unit offered as part of a CHC course is developed according to CHC requirements and in alignment with the Australian Qualifications Framework (AQF) and Tertiary Education Quality Standards Agency (TEQSA). This policy ensures consistency of format and that Unit Outlines include sufficient and accurate information to ensure that students understand what is expected of them in the unit.

#### Scope:

This policy applies to all units offered at CHC

*Restrictions:* Nil

*Exclusions:* Nil

#### Objectives:

1. To outline what students are expected to learn and how they will be assessed within each unit.
2. To provide information about the formal status of the unit in the course, including credit points, unit level, prerequisites for study and mode of study.
3. To ensure these processes comply with legislation particularly the Higher Education Standards Framework (2015).
4. To ensure these processes form a part of CHC's quality assurance processes.

#### Policy Provisions:

##### 1. General

- 1.1. All units in CHC courses must have a Unit Outline that contains the information as provided in Policy Provision 2, and is approved by Academic Board. Typically, Unit Outlines are prepared at initial accreditation or revised at renewal of accreditation.
- 1.2. Academic Board is responsible for providing guidelines pertaining to the design of units. This includes but is not limited to:

- 1.2.1. volume of learning;
  - 1.2.2. unit rationale;
  - 1.2.3. maximum number of learning outcomes (see Policy Provision 4);
  - 1.2.4. maximum number of assessment tasks (see Policy Provision 4);
  - 1.2.5. alignment with the AQF; and
  - 1.2.6. embodiment of CHC graduate attributes.
- 1.3. A single Unit Outline is used for all offerings of the unit, where a unit is offered to different cohorts of students (e.g. internal and external) under the same code.
  - 1.4. Unit Outlines are to be written in student-centred language.
  - 1.5. A Unit Outline may be supplemented by an appendix that provides more extensive details regarding learning and teaching activities and assessment than is provided in the Unit Outline (see Policy Provision 5.2, CHC Policy: *Assessment*).
  - 1.6. Any additional information provided to students must be consistent with the Unit Outline and not alter the intent or details of the unit outline.
  - 1.7. New units may be introduced or amendments may be made to existing units during an accreditation period, subject to approval of the Learning and Teaching Committee or Academic Board.
  - 1.8. Changes to Unit Outlines as required by the Learning and Teaching Committee or Academic Board must be communicated to the School via the Dean.
  - 1.9. Changes will only be made to Unit Outlines in response to feedback from students, academic staff, the School Advisory Committee (SAC) or Board of Studies (BOS) (see Policy Provision 3).
    - 1.9.1. Changes to Unit Outlines are to be presented to the Learning and Teaching Committee.
    - 1.9.2. Where amendments are proposed with regard to substantive changes to units<sup>1</sup>, the Learning and Teaching Committee shall make recommendations to Academic Board.

## 2. Postgraduate Unit Outlines

- 2.1. Where undergraduate courses and postgraduate courses both constitute first training in a discipline area, units in the courses that share content may have elements that are co-taught. In such cases, the units are to have separate unit codes, and separate Unit Outlines are required for the undergraduate and postgraduate courses.
- 2.2. The postgraduate unit must contribute to the learning outcomes of the postgraduate course and, in combination with other units, must enable students to demonstrate achievement of the course learning outcomes for the relevant AQF qualification level and type.
- 2.3. The design of the postgraduate unit must acknowledge the different expectations, learning styles, prior knowledge and life experiences of postgraduate students.
- 2.4. The two units offered at different award levels are not considered to be equivalent and a student will not receive transfer of credit into a postgraduate course for the completion of a related unit in an undergraduate course.

## 3. Unit Codes and Titles

- 3.1. The unit code is a unique alpha-numeric code.
- 3.2. The first two or three characters are the alpha characters and reflect the field of study.

---

<sup>1</sup> The Learning and Teaching Committee may refer to the Academic Registrar for advice regarding whether a change to a unit is to be considered 'substantive'.

- 3.3. The last three characters of the unit code are numeric and reflect the unit level:
- 100 = first year undergraduate
  - 200 = second year undergraduate
  - 300 = third year undergraduate
  - 400 = fourth year undergraduate (Bachelor of Education courses only); postgraduate (Ministries)
  - 500/600 = postgraduate/Masters
  - 700/800 = Doctoral
- 3.4. The unit title must clearly encapsulate the intent of the unit.
